***This resume is given to the Shadchan. Ideally it will include a photo that will better serve the Shadchan's ability to recall you in detail. Since this resume is also often emailed further to prospective shidduchim, please inform the shadchan if you do not want your picture included. You may wish to delete the last paragraph on the copy that is circulated beyond your Shadchan, this is a matter of personal preference and opinions vary from shadchan to shadchan. In all cases, it is ideal to keep it to one page.**
